A portion of the fall yesterday morning in New-York Central stock was due to the impression that the Company had requested the Examining Committee, appointed at the meeting on Thursday, not to report until June next—the inference being that there was something for which time was needed to cover up. The facis are, as we learn from the best authority, that the resolution appointing the Committee required them to report at the annual meeting of the stockholders in June next, and the Company had nothing to do with the matter. The Committee is thing to do with the matter. The Committee is formed of very able men, and we shall have a report which will give all the information that can be desired

by the stockholders.
Subscriptions continue to be made to the bid for the new Erie loan, and the same feeling seems to be excited which prevailed when the subscription to the stock was taken up by all classes of our citizens.

Our leading business men appear to appreciate the necessity of sustaining this great work, and parties having no interest in the Stock or Bonds, other than ble, are taking of the new bonds in proportion to their means. Mr. J. T. Stuart has been appointed Receiver of

the Mechanics' and Farmers' Bank of Springfield, Itl. At Cincinnati the money market had become more stringent, in consequence of the low state of the river, which prevents the movement of produce.

The whole amount expended on the Pennsylvania Railroad for outfit and invested in real estate is \$16 700,000. It is believed the receipts of the road for the year will not be less than \$3,500,000. Deduct for expenses 50 \$ cent , \$1,750,000. Net receipts, \$1,750,000, or about 10] P cent. profit upon the whole outlay, \$5,200,000 of which are permanent loans at 6 P cent. per annum.

The Boston Atlas states that the work of building the Hoosac Tunnel will be vigorously begun in the spring, notwithstanding the present inauspicious state of monetary affairs; a Company having been formed in New-York, who are now negotiating with a view to taking the coutras. The new Company, it is said, propose to build the entire road, including the tunnel, for about \$3,500,000, provided they can have the benefit of the State loan, and an additional cash subscription to the stock of \$100,000 or \$200,000

The Legislature of Florida met on the 27th ult. Gov. Broome, in h's message, announces the finances of the State to be in a flourishing condition, recom-mends an increase of the free-school fund, and a general system of internal improvements. The State has now a fund of \$3,000,000, applicable to internal improvements, and, as there are objections both against aid by donation and by loan, the Governor recommends a State subscription to the extent of \$10,600 P mile, payable in State Bonds for ten years The extent of road required by the base lines proposed would be 520 miles.
